WELCOME HOME EXES!

Although by Saturday it may be 105 in the shade, at press time the weather had that football feeling to it.

Coach D. C. Andrews told the Lion's Club Tuesday that although the boys were small this year, they were a 'scrappy bunch' and that they should give the fans an interesting season.

If the predictors are right this year the boys will be starting the year off right in the thick of things when they host Rotan here Saturday night. The Yellowhammers have been picked to win the Class A Championship this year.

With the loss of almost the entire team from last year the coaches will probably be doing a lot of experimenting the first few games of the season trying to find the right combination.

Andrews told the Lion's Club that the boys this year could use all of the support they could get from the town's people. He said that when you send a boy out to hunt bears with a pea shooter you need to keep telling him that he can kill that bear with his pea shooter.

NEINDA PHILOSOPHER NOT WORRIED ABOUT PLAN TO MOVE 2 MILLION FARMERS INTO TOWN

Editor's note: The Neinda Philosopher on his Johnson grass farm on route one has found out about the suggestion to reduce the farm population, his letter this week indicates. Dear editor: A lot of farmers around the country I understand are up in arms because the Committee for Economic Development is saying that if you move two million farmers to town, the ones still left may not make any more, but there'll be less of them to complain. I have thought about this proposal all week now and I find it doesn't disturb me, mainly on account of I ain't going. The reason I'm not go-

studied the financial status of a lot of town people, and had just as soon stay in the frying pan as jump in the fire. If you can't quite make ends meet anyway, why move to town when you can do it just as well in the country? Yours faithfully, J. A.

40 Years Ago— All children who expect to enter school should report to the school building at 1:00 Friday, Sept. 22. Pupils will be enrolled, classified and books issued and lessons assigned, so that classes can get started on Monday. This year, the Jewish New Year comes on Saturday, September 23. This holiday by the Jewish people is most universally observed by them at least until 6:00 p.m. Just last week two smart guys blew into two of Hamlin's store after banking hours, bought goods and presented checks, presumably given to them by a well-known farmer. Today, there are two prominent merchants who would like to know the whereabouts of their valued (?) customers.

25 Years Ago— One of the many chapters of Future Farmers of America has been organized in Hamlin High School. The new course, vocational agriculture has spurred the interest of the boys and their teacher, Mr. Templeton. The purpose of the club is to train boys to be better stock raisers and farmers and show them the path of leadership. The home of Mr. and Mrs. D. M. Harris, eight miles east of Hamlin was the scene of an enjoyable occasion, September 14, when Mr. Harris celebrated his 75th birthday with a turkey dinner. "How did the Smith wedding go off?" "Fine, until the parson asked the bride if she would obey her husband." "What happened then?" "She replied, 'Do You think I'm crazy?' and the groom, who in sort of a daze said: 'I do.'"

15 Years Ago— Maintenance of the Hamlin Migratory Labor Center will again be undertaken by the Hamlin Chamber of Commerce. This week was very important for Mrs. G. B. Howington of Hamlin and her two sisters, Mrs. Lawrence Kurty of Pelly and Mrs. F. F. Sneigr, of League City, since it was the first time the three sisters had been together in 45 years. "The Battle of the Century" is what they're calling it in polite circles. Some not so polite speak of it as the young vs. the old. They are all speaking about the final softball game of the season Friday night at City Park at which time the Lions Club will play the Rotary Club.

10 Years Ago— Hamlin Church friends of Cline Paden of Brownfield and Carl Mitchell of Los Angeles, California, have been watching with interest, action in Italy over a governmental order to close Church of Christ missions in predominately Catholic Italy. A freak twister accompanying the shower of rain Wednesday afternoon to the Hamlin area did several thousand of dollars of damage at the Western Compress and Storage Company plant in Northeast Hamlin. Boy Scout Troops of Hamlin and other towns of the Chisholm Trail Council are launching their fall roundup this month as part of the national program, "Forward on Liberty's Team," of the Boy Scouts of America.

5 Years Ago— Annual financial drive for the Hamlin Camp Fire Council sponsor of the Camp Fire Girls in the area, will be conducted next week as announced by the officials of the council. Mr. and Mrs. Earl Johnson of Hamlin announced the gift this week, of their West Lake cabin to the Hamlin Boy Scout organization. Mrs. Jo Riddle, second vice, was in charge of the program when a dinner meeting of the Hamlin B&PW Club was held Tuesday evening the Primary School Cafeteria.

Going away to SCHOOL

At this time of the year, all over our nation, boys and girls are leaving home to attend the school of their choice. Many, for the first time in their lives, will be away from home and their home church. They should be encouraged to, immediately, seek a church nearby where they may continue to worship the Lord, and have the companionship of friends with similar outlooks on life and God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# FAIRVIEW NEWS

By MRS. ELMER JOINER

Several out cur way are pulling bolts, as this is one of the few places that has some early cotton, as the hail missed a strip through this community. It won't be too long until the fall will be over and this crop, with all of its worries, will be history. This year with its hails, tornados, bugs, too much rain, not enough rain and oth-

er woes, has been a trying one for the farmers, but it looks as if they might harvest a fair crop and as we always say, next year is another year to start over. Quite a bit of excitement was created this week by the re-entry into the well on the George Waincott place. The rig was torn down and moved

but a larger one was brought in and they are drilling again, going deeper.

Some rain fell in small amounts over the weekend, which cooled the weather, and was enough in places to help the cotton.

Mr. and Mrs. Joe Ray Rosenbaum, Pampa, visited with Mr. and Mrs. Fred Rosenbaum over the holidays.

Mr. and Mrs. Marvin Johnson and boys, Amarillo, were visiting with her parents, Mr. and Mrs. Winson Gray, and Dorothy Sunday and attended church at Fairview.

Mr. and Mrs. Bill Clements and girls, Abilene, were visitors of Mr. and Mrs. Jack Wright and Melinda, Labor Day.

Woodrow Goodwin spent Friday and Saturday in Lubbock attending barber school. He is trying to finish his schooling while his farming duties aren't so pressing.

Miss Della Drake, also her brother Connie, were ill last Thursday night and had to call the doctor.

Word has been received that Mrs. Buck Richie, the former Catherine Drake, has been in Tulsa, Oklahoma, hospital for the past week. Her foot that has been bad for so long, is giving her serious trouble.

Mr. and Mrs. Winson Gray moved Saturday to the home they purchased in South Hamlin. They will continue to farm the place where they have lived so long, north of the Fairview church.

Mr. and Mrs. Raymond Waddel have bought a house and moved it on a lot next to the Grays. After they get it remodeled they will also be moving to town.

It has been learned that several have leased their land, out this way, on the strength of the interest created by the

drilling of the deep well on the Waincott place.

Mr. and Mrs. Davis Shirley, former residents of this community, celebrated their Golden Wedding Anniversary, Sunday in Anson, at the Woman's Club. Mrs. Shirley is the former Minnie Agnew, a sister of Johnnie Agnew. They were reared in the Prairie View community, where they were married, later moving to this and the Plainview communities before going to Wichita Falls.

Mr. and Mrs. J. S. Scott, cousins of the Drakes, spent last Friday with them. Miss Della reports that they brought her a mess of fish.

Mr. and Mrs. Audrey Bush, of Texas City, were recent visitors of the Drakes also. They were both former residents of our community. Mrs. Bush was the former Bertha Weathers.

Mrs. Wayne Hednett's folks from Colorado City, spent the Labor Day with them.

Mr. and Mrs. Elmer Joiner and Larry McCoy, spent the holidays in Odessa, visiting Mr. and Mrs. Buck Joiner, Charles, Jerry and Susan.

Buck is employed at the Seat Cover Ace Company, Midland, owned and operated by Dawson McCoy. Dawson is building a new building to house a new addition to his business, brakes and wheel alignment.

He and Buck are very excited over the prospects of going to Big Rapids, Michigan, September 23rd, to attend school for two weeks at the Ferrel Institute, to learn the brake and wheel alignment business. At the end of that time Dawson will return to his business and Buck will go to Washington, D.C., where he will work for a week under the mechanics of the Nationwide Company, in a nearby town in Maryland before he returns home. They are making the trip all by jet, which will also be an experience for them.

Rev. and Mrs. Derrel Lewis and children ate lunch with the H. L. Fords Sunday.

David Ford was a visitor in Church Sunday night.

Let's not forget the fair this weekend at Anson. We know it isn't as big as the West Texas Fair but it will be worth your time to attend, as there are lots of interesting things to see. When you get your paper Thursday, it still isn't too late to go to Anson and take some thing to exhibit, as they will be accepted all day Thursday. The more things brought in the better the Fair, so come on and bring something. If you

## GAS COMPANY LAUNCHES SAFETY PROGRAM AGAIN

The year-round safety program inaugurated in 1961 by Lone Star Gas Company will enter its second year September 1. The Texas Safety Association and The Hamlin Herald will be co-sponsors of the program.

"As in 1961," Lone Star Manager Lester Minton said here today, "this public service program has as its objective the saving of lives and the prevention of home accidents by teaching the individual how to detect and eliminate home hazards."

Home accidents occur in Texas at the rate of one every 16 seconds and a victim of a home accident dies every seven hours, the Texas Safety Association reports.

Newspaper advertisements and stories will tell how home accidents occur and will suggest methods of elimination of these hazards to life and limb. A free four-page pamphlet

on home safety may be obtained at the offices of Lone Star and co-sponsors shortly before the first of each month, starting September 1. Based on Texas Safety Association records of home accident deaths and injuries in preceding years, each pamphlet tells the number of home accident deaths and injuries expected to occur during the ensuing month—and tells how these deaths and injuries will occur and gives the

ages of the expected victims. Two additional four-page pamphlets tell of home hazards faced by old and young family members in the 65-and-over and the four-and-under age brackets. Hazard controls are suggested in these pamphlets.

"We urge that every resident of Hamlin obtain his copy of each of these pamphlets. The information contained in them may well save precious lives."

During the three summer months, SIX FLAGS has operated seven days a week, from 10 a.m. until 11 p.m. Now, with the beginning of the fall semesters of school, the 105 acre tourist attraction will be open on Saturdays and Sundays from 10 a.m. until 10 p.m. until the Park closes its season after the Thanksgiving holidays.

During the full time operation this summer, the Park has employed 915 collegiate age hosts and hostesses of which 200 will now return to their respective schools in a five state area. This fall the Park will be manned by students from nearby colleges, universities and high schools. The bulk of the Park personnel will come from Arlington State College, Southern Methodist University, Texas Christian University and Texas Wesleyan College.

Some things will change when the Park goes into week-end operations. The students who were in the highly popular Campus Revue show will return to the nine colleges they attended last spring. # HISTORY OF THE HAMLIN SCHOOLS GIVEN . .

Hamlin was carved, literally out of a mesquite pasture, and like magic, it sprang into a city of unusual population. People came here from almost every section of the United States.

One of the first things the people thought of was, naturally, "where will my children go to school?"

Mr. A. G. Hudson has been called the Father of Hamlin's School System. He pledged his own property for the first school and made many trips to Austin to get the details worked out. He also underwrote the first building.

Mr. E. M. Witt was Hamlin's first superintendent. He later went to Lubbock and taught in the school system there for 20 years prior to his death in 1939. His son, Ivy, is a businessman here and his wife is living in Lubbock.

The first school board members were A. G. Hudson, president; Ira Weakley, secretary; Tome Whiteley, George W. Gray and J. F. McWilliams. The first faculty included Mr. Witt, W. Fort, Silas Moon, Miss Lulan Vaughan, Miss Hays and Miss Nobia Lotta.

The first school house was a wooden structure and was built by private financing. A bond issue of \$5,000 was not voted until 1909 at a rate of 5 percent. This was retired in 1929 when the district voted \$20,000 more with which to erect a modern brick structure. This

did not include enough money to equip the building with seats so in 1911 they voted an additional \$4,500. The total expenditure for the new brick school was \$29,500. It was the center of activity from 1911 to 1928.

Like the first building the brick structure became too small and out of date for the growing Hamlin. In 1922 the school board decided to enlarge the school building by adding two wings on the ends of the building to give more rooms for various new uses. When the additions were finished in 1929 it was thought that it would be ample for twenty years to come.

It can be truly said that Mr. C. G. Green built for Hamlin its real school system. He proved that one of the best methods of building up a school system was to do things, not just talk about them. He was fortunate in having competent board members to help him plan and execute development. He also had a way of seeing ahead and demanding and expecting things of the people that they could afford.

The present high school was erected in 1929. Supt. Green gained ideas of the most modern school buildings in the state by visiting the new buildings in San Antonio, Dallas and Fort Worth. From these ideas evolved specifications for the present building which was pronounced by the inspectors from the State Department of Education to be one of the best buildings in the state.

Hamlin has progressed in their school system under the able leadership of businessmen who make up the Board of Education. The system has also been fortunate to have efficient and cooperative faculty members.

The present school set-up has come a long way from the first

wooden structure. There are now four school buildings for primary, elementary, junior high and high school. There is also the building which houses the gymnasium and band hall and the Negro school plant.

There are 1,121 children enrolled in the five schools with 55 teachers and 23 other employees.

## Hamlin School Teachers Meet

The forty-six faculty members of Hamlin Public Schools assembled in the high school cafeteria Friday morning for a briefing on school policies and new requirements of Texas schools for graduation.

C. F. Cook, superintendent, introduced the new faculty members and recognized the returning teachers. Marvin Carlton, principal of Junior High School, presented the new

requirements at that level and B. V. Newberry, high school principal, told of changes in the top four grades.

Senior girls, Gloria Jenkins, Sandra Jayroe and Debbie Rountree, served coffee to the group.

## Richie W. Smith Receives Degree In Mortuary

Richie W. Smith was among the 87 graduates, from 20 different states, to receive diplomas from the Dallas Institute, Gup-ton-Jones, College of Mortuary Science. Ceremonies were held in the Kessler Park Methodist Church August 28.

Attending graduation were Mr. and Mrs. Hill Smith of Hamlin, Mr. and Mrs. R. L. Roush, and Karen, of Wichita Falls, Mrs. C. J. Albus and Miss Mary I. Allen of Munday.

Richie is now employed with the Kinney Funeral Home in Stamford.

## Superintendent Welcomes Exes

It is again my sincere pleasure to say "Welcome" to all the ex-students and faculty of Hamlin High School. The entire faculty of the school joins me in this welcome.

It has been a thrill for the past seven years to see the homecoming of all exes. It makes us feel humble to see all of you return to Hamlin and take part in this event. We want you to feel at home and if there is anything we can do to make your visit more pleasant, please call on us.

I would especially like to welcome all former teachers and administrators to this Homecoming. What success we have these years is due to the hard and diligent work of these predecessors. The foundations that you laid are what we can build on in years to come.

The leaders of the Ex-student Association are to be commended for their fine efforts and accomplishments.

THE HAMLIN HERALD

SEPTEMBER 6, 1962

It is our most earnest desire that you have another good Homecoming this year. We hope that we can have a small part in making this one the best, and we pledge our efforts to you. I hope that you can always say "I am proud to be an ex of Hamlin High School." I can say "It is great to be the Superintendent of the Hamlin Schools."

C. F. COOK

A Texas Highway Patrol car, moving at very high speed to head off fleeing fugitives recently, slammed into two utility poles after running through a ditch to avoid hitting a motorist at a blind intersection. The two patrolmen, packaged in the patrol car with safety belts, said: "We got just as close to Heaven as the seat belts would let us." The patrol car was demolished; the patrolmen were unscratched.

## Six Flags Now Open on Week Ends Only

Immediately after the Labor Day holidays, SIX FLAGS Over Texas will commence operating on week-ends only. During the three summer months, SIX FLAGS has operated seven days a week, from 10 a.m. until 11 p.m. Now, with the beginning of the fall semesters of school, the 105 acre tourist attraction will be open on Saturdays and Sundays from 10 a.m. until 10 p.m. until the Park closes its season after the Thanksgiving holidays.

During the full time operation this summer, the Park has employed 915 collegiate age hosts and hostesses of which 200 will now return to their respective schools in a five state area. This fall the Park will be manned by students from nearby colleges, universities and high schools. The bulk of the Park personnel will come from Arlington State College, Southern Methodist University, Texas Christian University and Texas Wesleyan College.

Some things will change when the Park goes into week-end operations. The students who were in the highly popular Campus Revue show will return to the nine colleges they attended last spring. Filling the Amphitheatre programs will be three of the acts which have been a part of the Campus Revue, together with new acts. One cast of the Crazy Horse Saloon will return to their respective studies, and the original Crazy Horse Saloon crew will entertain guests on Saturdays and Sundays.

# HISTORY OF THE HAMLIN SCHOOLS GIVEN . .

Hamlin was carved, literally out of a mesquite pasture, and like magic, it sprang into a city of unusual population. People came here from almost every section of the United States.

One of the first things the people thought of was, naturally, "where will my children go to school?"

Mr. A. G. Hudson has been called the Father of Hamlin's School System. He pledged his own property for the first school and made many trips to Austin to get the details worked out. He also underwrote the first building.

Mr. E. M. Witt was Hamlin's first superintendent. He later went to Lubbock and taught in the school system there for 20 years prior to his death in 1939. His son, Ivy, is a businessman here and his wife is living in Lubbock.

The first school board members were A. G. Hudson, president; Ira Weakley, secretary; Tome Whiteley, George W. Gray and J. F. McWilliams. The first faculty included Mr. Witt, W. Fort, Silas Moon, Miss Lulan Vaughan, Miss Hays and Miss Nobia Lotta.

The first school house was a wooden structure and was built by private financing. A bond issue of \$5,000 was not voted until 1909 at a rate of 5 percent. This was retired in 1929 when the district voted \$20,000 more with which to erect a modern brick structure. This

did not include enough money to equip the building with seats so in 1911 they voted an additional \$4,500. The total expenditure for the new brick school was \$29,500. It was the center of activity from 1911 to 1928.

Like the first building the brick structure became too small and out of date for the growing Hamlin. In 1922 the school board decided to enlarge the school building by adding two wings on the ends of the building to give more rooms for various new uses. When the additions were finished in 1929 it was thought that it would be ample for twenty years to come.

It can be truly said that Mr. C. G. Green built for Hamlin its real school system. He proved that one of the best methods of building up a school system was to do things, not just talk about them. He was fortunate in having competent board members to help him plan and execute development. He also had a way of seeing ahead and demanding and expecting things of the people that they could afford.

The present high school was erected in 1929. Supt. Green gained ideas of the most modern school buildings in the state by visiting the new buildings in San Antonio, Dallas and Fort Worth. From these ideas evolved specifications for the present building which was pronounced by the inspectors from the State Department of Education to be one of the best buildings in the state.

Hamlin has progressed in their school system under the able leadership of businessmen who make up the Board of Education. The system has also been fortunate to have efficient and cooperative faculty members.

The present school set-up has come a long way from the first

wooden structure. There are now four school buildings for primary, elementary, junior high and high school. There is also the building which houses the gymnasium and band hall and the Negro school plant.

There are 1,121 children enrolled in the five schools with 55 teachers and 23 other employees.

## Hamlin School Teachers Meet

The forty-six faculty members of Hamlin Public Schools assembled in the high school cafeteria Friday morning for a briefing on school policies and new requirements of Texas schools for graduation.

C. F. Cook, superintendent, introduced the new faculty members and recognized the returning teachers. Marvin Carlton, principal of Junior High School, presented the new

requirements at that level and B. V. Newberry, high school principal, told of changes in the top four grades.

Senior girls, Gloria Jenkins, Sandra Jayroe and Debbie Rountree, served coffee to the group.

## Richie W. Smith Receives Degree In Mortuary

Richie W. Smith was among the 87 graduates, from 20 different states, to receive diplomas from the Dallas Institute, Gupton-Jones, College of Mortuary Science. Ceremonies were held in the Kessler Park Methodist Church August 28.

Attending graduation were Mr. and Mrs. Hill Smith of Hamlin, Mr. and Mrs. R. L. Roush, and Karen, of Wichita Falls, Mrs. C. J. Albus and Miss Mary I. Allen of Munday.

Richie is now employed with the Kinney Funeral Home in Stamford.

## Superintendent Welcomes Exes

It is again my sincere pleasure to say "Welcome" to all the ex-students and faculty of Hamlin High School. The entire faculty of the school joins me in this welcome.

It has been a thrill for the past seven years to see the homecoming of all exes. It makes us feel humble to see all of you return to Hamlin and take part in this event. We want you to feel at home and if there is anything we can do to make your visit more pleasant, please call on us.

I would especially like to welcome all former teachers and administrators to this Homecoming. What success we have these years is due to the hard and diligent work of these predecessors. The foundations that you laid are what we can build on in years to come.

The leaders of the Ex-student Association are to be commended for their fine efforts and accomplishments.

THE HAMLIN HERALD

SEPTEMBER 6, 1962

It is our most earnest desire that you have another good Homecoming this year. We hope that we can have a small part in making this one the best, and we pledge our efforts to you. I hope that you can always say "I am proud to be an ex of Hamlin High School." I can say "It is great to be the Superintendent of the Hamlin Schools."

C. F. COOK

A Texas Highway Patrol car, moving at very high speed to head off fleeing fugitives recently, slammed into two utility poles after running through a ditch to avoid hitting a motorist at a blind intersection. The two patrolmen, packaged into the patrol car with safety belts, said: "We got just as close to Heaven as the seat belts would let us." The patrol car was demolished; the patrolmen were unscratched.
